Messrs. Chapman,

Dear Sirs:

Please find
inclosed \$1.93 for Lefferts
catalogue and minor proof
sets received yesterday.

There were pieces in that
sale that I've been long in
search of, and am sorry I
chanced not to receive the
catalogue prior to your sale.

Save the 1804 dollar, of course,
I need only the quarter of '27
and half cents of '40, '41, '44
and '46 to complete my dates
of U. S. series. Shall be pleased
to receive any catalogue from
you, especially those containing
the above pieces and the rarer
colonials.

Very truly yours,

Geo. Jackson

You may credit me with the Kansas
balance if you choose; I could
not make the exact change.

Messrs. Chapman,

Dear Sir:

Yours of the 18th

inst. was duly received.

Of the prices you mentioned as
having in stock will you please
send me the following by registered
mail:

1 Continental Currency. Extremely fine, \$ 7.00

1 Louisiana, counterstamped. Fine, 1.50

1 Half dime, 1838. no stars. Unusually g. 1.25
9.75

I inclose \$10.00 for the above. I am
in town two or three times a year
usually and prefer them to make
the greater part of my purchases,
aside from auction sales, and shall
endeavor to call upon you this autumn.

I found a half dollar of '38 with
lettered edge, and in every other respect
similar to the coinage of the early
part of '36, in circulation recently. I
do not find it among the varieties men-
tioned by Mr. Appleton in Jour. of Num-
ismatics Vol. IX p. 91. Have you seen
this type?

Very truly yours,

The bright red cent of 1833 I retain to compare with one I have among my coins now in the custody of a Safe Deposit company. I shall write to you further about it within a few days. The glossy surface of the piece

to them. I could not have brought
them on had I seen them by daylight.

Please hold the two silver proof sets
of 1904 - as we agreed was the better
way - until after the Mills' Sale, and
add a Philippine set.

Among other pieces I expect to send bids

I had just finished reading the current number of Megargue's "Seen & Heard" yesterday morning, wherein he speaks of your sale of the cent of 1823, when I received your letter. It seemed quite a coincidence that I should hear from you just at that moment.

Kindly acknowledge the re-

ceipt of the coins returned and drafts herewith inclosed.

You say in your favor of Aug. 26th: "Proof sets are now being sold minus the dollar. You had better hold on to the proof sets previously sent you, as they will be a rarity."

Now, the trouble is that I have never had any proof sets of 1904, you did not send me any. It happened in this way: When I was in Philadelphia last spring you showed me some silver proof sets of '04, but advised me not to take any at that time as the half dollar was poorly struck and you would be able to do better for me later on. In consequence I made no efforts to obtain the proofs, depending upon you, as usual, to sup-

supply me with them before the year was out.

Under the circumstances would it not be only fair for you to send me the two (2) sets (including the dollar, of course) that I asked for last April, charging me only cost and commission? I would also like two (2) minor sets, and a few nickels and cents of the ordinary issue.

Thanking you for the pleasure of looking over so many fine coins, and trusting they will reach you safely, I am,

Yours very sincerely,
A. J. Eastman

The cent of 1823, perfect date, is a grand coin indeed, and I thank you for the opportunity of examining it.

I did not find (or else I do not know that variety) a cent of 1838 with protruding lock in No. 23; the coin looked like a common one to me. Also in No. 36 I discovered a half cent of 1810 (or 1809, I really have forgotten which) instead of one of 1854, red, as per your list.

I shall esteem it a particular favor if you will let me know at once of the safe arrival of the coins and drafts.

As I have said on one or two

of coins except American Colon-

over occasionally, as in the
